**Subject: Your European Maritime Day proposal**

Dear Mr. Pantouvakis,

Thank you for your proposal to organise a workshop during the European Maritime Day Conference 2015 in Athens.

We have received a large number of high quality applications covering a wide range of issues that are relevant to the theme of the European Maritime Day. When workshop proposals follow similar themes, we propose merging the events in order to maximise the use of space. For the same reason, we only accept one application per organisation/company.

We are happy to inform you that your proposal has been selected for a merged workshop on the theme of "Education and training for the maritime sector", together with CPRM (conference of peripheral and maritime regions of Europe), the WISTA Hellas and the European Boating Industry. Attached to this letter you will find a table with the proposed groupings and the suggested coordinators.

We would be grateful if you could notify us of your acceptance as soon as possible upon receipt of this letter.

We would also be grateful if, after liaising with your partners, the coordinator could reply to us via the attached form with the following information:

- A final title for the workshop
- Objectives of the event (max 500 characters)
- Key messages to convey
- List of speakers (name and job title)

Please fill in the attached form and return it to [MARE-European-Maritime-Day@ec.europa.eu](mailto:MARE-European-Maritime-Day@ec.europa.eu) by 03 April at the latest.

Mr. Angelos Pantouvakis

Yours sincerely,
